ATV: QUAD POWER RACING™

AKkaim
SPORTS™

WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherals may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

LOADING

1. Set up your PlayStation® game console according to the instructions in its instruction manual.
2. Make sure the power is **OFF** before inserting or removing a compact disc. Insert the ATV: Quad Power Racing™ disc and close the disc cover. If you wish to save your game, insert a **MEMORY CARD** (sold separately) into Memory Card Slots 1 or 2.
3. Insert game controllers and turn on the PlayStation® game console.
4. Follow on-screen instructions to start a game.

Note: ATV: Quad Power Racing™ is for up to 2 players.

INTRODUCTION

Fast and furious four-wheeling ATV (all terrain vehicle) action is now right at your fingertips, so get ready for bouncing and bumping like you won't believe! Take on a Single Race, crazed Time Attack or a full schedule of Championship ATV racing. Get a buddy to join you for Two Player split-screen fun! Top riders compete at Amateur or Pro skill levels in forest, desert or snow tracks on a variety of hot quads. Throttle up to the starting line and see if you've got what it takes to wrestle the wild ride all the way to the finish line!

MENUS

Confirm/Select	X BUTTON
Cancel/Previous	BACK BUTTON
Select Option	UP/DOWN DIRECTIONAL BUTTON
Toggle Option	LEFT/RIGHT DIRECTIONAL BUTTON
Pause Game	START BUTTON

Main Menu

After the pumping introductory sequence (press the **X BUTTON** to bypass) you will come to the Main Menu, where you can select your game mode, view trophies and set options. Press **UP/DOWN DIRECTIONAL BUTTON** to toggle the highlight, then press the **X BUTTON** to select.

Single Race Enter a single race with one player.

Time Attack Try a Time Attack, and see who can get the best time.

Two Player Double the fun with two player One on One or Time Attack.

Trophies Check your standings in Pro and Amateur categories.

Options Adjust your settings. See **Options** for details.

Championship A full circuit of championship tracks determines who's the best.

Options

You can select Options on the Main Menu or after selecting a particular game mode.

Press  **DIRECTIONAL BUTTON** to highlight an option. Press the  **BUTTON** to activate it.

Load Load saved option settings and game stats.

Save Save game options and game stats.

Auto Load/Save Have the computer automatically load and save game data when possible, without asking.

Environment You can alter the racing environment by setting the Weather and the Time of Day. Highlight an option and press the  **BUTTON** to activate it, then scroll to the desired setting.

Credits Take a look at the crew who put together ATV: Quad Power Racing.

Hardware

Make these adjustments to your hardware set up:

Sound

Use the sliders to adjust sound effects and music volume.

Display

Once selected, use the Directional Buttons to center the game display on your screen.

Controller Configuration

Once selected, choose the control configuration that suits your playing style. If you are using a **DUALSHOCK™** analog controller, you can turn the vibration **ON** or **OFF**.

NOTE: All save and load functions require a MEMORY CARD (sold separately).

TROPHIES

View the current trophies and the times they were won in. Try to earn trophies in Forest, Desert and Snow courses at Amateur or Pro skill levels.

GAME MODES

Single Race

Roar into racing action in a single race on the available track and quad of your choice (open up tracks and quads in Championship mode). A single race pits you against computer opponents.

Time Attack

In this mode, you're competing to get the best single lap time and the best race time overall, rather than to finish in first place. A Time Attack race continues until you pause the game (press the **START BUTTON**) and quit out of Time Attack. Your high scores, if any, will be saved.

Two Player

Enjoy split-screen head-to-head competition in 1-on-1 mode, or try to beat your buddy's best time in a Time Attack race. No matter what mode, the pace is fun and frantic. After selecting a play mode, each player selects a different rider. Then Player 1 selects the terrain and track. Next, each player selects a quad to race, along with the desired type of transmission. Then it's down to the track to see who rules and who drools!

Two Player Options If you have saved your options and stats to a **MEMORY CARD**, only player 1 can elect to load these settings for either player.

Championship

Your challenge: open up all the tracks (and special bikes!) available only to the very best riders. This is the heart and soul of quad racing, a complete season on all types of terrain, against the best racers in the business. Master all the Amateur tracks in each area to qualify for the Pro

6 series. Beat all the Pro level tracks and you're that rare breed of competitor: a Champion!

Select a rider to control throughout your Championship quest, then choose one of the available quads to race (you can switch quads between races). Next, choose an area (Foxworthy Hills, White Sands or Snowcross Ridge) to begin your bid for the Championship. You start off at the Amateur level with only one open track in each area. Each time you beat a track (by coming in first), you open up the next track in that area. Beat all four Amateur tracks in any one area to compete at the Pro level in that area. Beat all the area tracks as a Pro and be the top quad racer!

Tip: Once you manage to win on a track in Championship mode, you open up the next track to all other modes, so make sure to spend some time hammering on a track until you beat it.

GETTING STARTED

First, choose your game mode (Single Race, Time Attack, Two Player or Championship).

RIDER SELECTION

Once you've selected a game mode, it's time to select a rider to control.

Choose from six top ATV riders. Press **○/○ DIRECTIONAL BUTTON** to toggle riders. You'll see the rider portrait and individual rider stats.

AREA SELECTION

Choose where you wish to test your skill. Each area is a different terrain and presents particular challenges that require different skills and quads to match. The area you choose determines the type of quads available.

Foxworthy Hills (forest) - Racing through forest trails requires good general skills. Forest quads offer good all-around performance.

White Sands (desert) - The desert is the place for all-out high speed racing on quads built to move!

Snowcross Ridge (snow) - Caution is the word on slippery snow trails. Snow quads are slower, giving you better traction for the handling you need in snow.

CHOOSE DIFFICULTY

Choose to race in the selected areas at Amateur or Pro skill levels.

Note: you must master the Amateur level before you can select Pro level.

ENTER NAME

In Championship mode, after selecting your rider, area and difficulty level, you'll come to the name entry screen, where you can input an eight character name that will be used to track your championship progress. To enter a name, press **○/○ DIRECTIONAL BUTTON** to highlight a character on the selection wheel, then press the **⊗ BUTTON** to accept it. You can delete a character by pressing the **TRIANGLE BUTTON** or by highlighting the back arrow character and pressing the

⊗ BUTTON. When you're satisfied with your name, highlight the check mark character and press the **⊗ BUTTON**.

TRACK SELECTION

After selecting your difficulty setting, you can choose which available track you wish to race on. (In Championship mode, Track Select is disabled; you will race on the tracks as they are presented.)

You will see a selection of four courses for the area you have preselected (Forest, Desert or Snow).

Use the **○/○ DIRECTIONAL BUTTON** to toggle through the courses. You will see a map of each course as the highlight

moves. In the upper left, you will see a status display which shows your previous Best Lap Time and Best Track Time (if any).

QUAD SELECTION

Almost there! You've selected your area and track. Now it's time to select your bike. Press **○/○** on the **DIRECTIONAL BUTTON** to toggle through the available bikes. The various bikes are specially configured for the area you've chosen to race in and can be fitted with manual or automatic transmissions. Take a look at the meters showing each bike's handling, acceleration and maximum speed. When you're sure about the bike you want, press the **⊗** **BUTTON**. You will go directly to the selected race. Good Luck!

DEFAULT CONTROLS

This is the default control setting. You can change controls under Options/Hardware/Controller Configuration.

THE RACE SCREEN

Overhead Map The overhead map shows you where you are on the course and the relative color-coded positions of riders. Colors are as follows:

Samuel Stone:	Blue	Karl Sven:	White
Wes Holms:	Green	Steve Youngren:	Magenta
Heather Gold:	Red	Mitzi Chen:	Yellow

PAUSE MENU

Press the **START BUTTON** at any time during a race to bring up the Pause Options Menu.

Resume Jump right back in from where you paused.

Options

Sound options Adjust sound effects and music volume levels.

Screen adjust Center the game display on your screen.

Vibration Adjust vibration when using a **DUALSHOCK** analog controller.

Camera options Adjust the distance, angle and height of the custom camera. Settings remain in effect until the game is turned off/reset and are saved when you save the game options in the front end.

Restart Restart the current race from the beginning.

Quit Quit the current race and return to the Main Menu. In Championship mode, the system will automatically search for a **MEMORY CARD**. If one is detected, your championship progress data will be saved.

HINTS & TIPS

- ATV vehicles are tippy; they're pretty easy to dump, so watch your speed on corners.
- Poor weather affects the handling of your quad. Be prepared to make some adjustments.
- When the on-screen direction arrow turns red, **YOU'RE GOING THE WRONG WAY!**
- While airborne, use the extreme lean controls to tilt your quad.
- Stay on the main trail for top speeds. Being a trail blazer will only slow you down.
- Landing on your rear wheels gives you a speed boost, but landing while still holding **DOWN** on the Directional Buttons will cause the rider to fall off. Timing is everything!

For the hottest hints and codes on ACCLAIM titles:

Please call 1-900-407-Tips (8477).

The cost of the call is \$.95 per minute. You must be 18 or have parental permission and have a touch-tone phone.

NOTES

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

ACCLAIM® LIMITED WARRANTY

ACCLAIM warrants to the original purchaser only of this ACCLAIM software product that the medium on which this software program is recorded is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This ACCLAIM software program is sold "as is," without express or implied warranty of any kind, and ACCLAIM is not liable for any losses or damages of any kind resulting from use of this program. ACCLAIM agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any ACCLAIM software product, postage paid, with proof of date of purchase, at its Factory Service Center. Replacement of the software product, free of charge to the original purchaser (except for the cost of returning the software product) is the full extent of our liability.

This warranty is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the ACCLAIM software product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE ACCLAIM. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL ACCLAIM BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THIS ACCLAIM SOFTWARE PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

This warranty shall not be applicable to the extent that any provision of this warranty is prohibited by any federal, state or municipal law which cannot be pre-empted.

Repairs/Service after Expiration of Warranty—If your software product requires repair after expiration of the 90-day Limited Warranty Period, you may contact the Consumer Service Department at the number listed below. You will be advised of the estimated cost of repair and the shipping instructions.
